In re Application of TRIBUZIO et al :
U.S. Application No.: 10/529,728 :
PCT Application No.: PCT/EP03/10804 :
Int. Filing Date: 29 September 2003 : DECISION
Priority Date Claimed: 30 September 2002 :
Attorney Docket No.: 070222-0014 :
For: A PROCESS FOR THE PRODUCTION OF :
WHEAT FLOUR :

This is in response to applicant's "Petition Under 37 CFR 1.47(a)" filed 19 October 2005.

BACKGROUND

On 29 September 2003, applicant filed international application PCT/EP03/10804, which claimed priority of an earlier Italy application filed 30 September 2002. A copy of the international application was communicated to the USPTO from the International Bureau on 08 April 2004. The thirty-month period for paying the basic national fee in the United States expired on 30 March 2005.

On 30 March 2005, applicant filed national stage papers in the United States Designated/Elected Office (DO/EO/US). The submission was accompanied by, *inter alia*, the basic national fee required by 35 U.S.C. 371(c)(1).

On 19 August 2005, the DO/EO/US mailed a Notification of Missing Requirements Under 35 U.S.C. 371 (Form PCT/DO/EO/905), which indicated that an oath or declaration in compliance with 37 CFR 1.497 must be filed.

On 19 October 2005, applicant filed the present petition under 37 CFR 1.47(a).

DISCUSSION

A petition under 37 CFR 1.47(a) must be accompanied by: (1) an oath or declaration by each applicant on his or her own behalf and on behalf of the nonsigning joint inventors, (2) factual proof that the missing joint inventors refuse to join in the application or cannot be

reached after diligent effort, (3) the fee set forth in §1.17(i), and (4) the last known addresses of the nonsigning joint inventors.

With regard to item (1) above, applicant has submitted a declaration signed by the available inventors each on his/her own behalf and on behalf of the nonsigning inventor.

With regard to item (2) above, MPEP 409.03(d) states in relevant part,

Where a refusal to sign the application papers is alleged, the circumstances of this refusal must be specified in an affidavit or declaration by the person to whom the refusal was made. Statements by a party not present when an oral refusal is made will not be accepted.

Before a refusal can be alleged, it must be demonstrated that a bona fide attempt was made to present a copy of the application papers (specification, including claims, drawings, and oath or declaration) to the nonsigning inventor for signature. A copy of the application papers should be sent to the last known address of the nonsigning inventor, or, if the nonsigning inventor is represented by counsel, to the address of the nonsigning inventor's attorney.

When there is an express oral refusal, that fact along with the time and place of the refusal must be stated in the affidavit or declaration. When there is an express written refusal, a copy of the document evidencing that refusal must be made part of the affidavit or declaration.

When it is concluded by the 37 CFR 1.47 applicant that a nonsigning inventor's conduct constitutes a refusal, all facts upon which that conclusion is based should be stated in the affidavit or declaration. If there is documentary evidence to support facts alleged in the affidavit or declaration, such evidence should be submitted. Whenever a nonsigning inventor gives a reason for refusing to sign the application oath or declaration, that reason should be stated in the affidavit or declaration.

The petition states that joint inventor Alberto Lodi refuses to sign the application papers. However, the petition does not adequately demonstrate that a bona fide attempt was made to present a copy of the complete application papers to Lodi for signature. Although the affidavit of Rinaldo Ferreccio states that the declaration was mailed to Lodi, there is no indication that the specification, claims, and drawings were ever presented to Lodi. Furthermore, the letter mailed to Lodi does not specify a date by which Lodi is required to respond. Additionally, English translations of Exhibits B and C have not been provided. Thus, it would not be reasonable to conclude at the present time that Lodi refuses to join in the application.

With regard to item (3) above, applicant is advised that effective 22 November 2004, the fee for a petition under 37 CFR 1.47 increased to \$200.00. Any deficiency in the petition fee will be charged to Deposit Account No. 50-0417 as authorized by applicant.

With regard to item (4) above, the petition states the last known address of the nonsigning inventor.

CONCLUSION

For the reasons above, the petition under 37 CFR 1.47(a) is DISMISSED without prejudice.

If reconsideration on the merits of this petition is desired, a proper response must be filed within TWO (2) MONTHS from the mail date of this decision. Extensions of time are available under 37 CFR 1.136(a). Failure to timely file a proper response will result in abandonment of the application. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.47(a)". No additional petition fee is required.
